

15 November 2007.

Dear Duncan Braxton

Re – Refurbishment of the Upton Centre

On behalf of the people who attend the Upton Centre Day Hospital, I would like to thank you and your team for the consideration you have given to us on Day Hospital days during the building works.

The people attending have said that there has been no disruption to their day's programme, and that the noise has been minimal.

They also said that your team have been very friendly and approachable.

Best Regards

Anne Waterworth
Service Manager.
